Document version	V.1
Review date	November 2025

St John's College consists of a series of historic, interconnected buildings, with steps, staircases, and narrow corridors throughout. However, there is flat access into both the dining room and Leech Hall from the Bailey, and accessible en-suite bedrooms are available.

For a more detailed view of the college, there are videos available online. We are committed to ensuring that everyone can enjoy the JACT Durham Greek & Latin Summer School, and we make every effort to accommodate our students' needs. If you have any specific questions or concerns, please don't hesitate to get in touch with the Course Secretary.
